PERMANENT HAIR REDUCTION

An innovative treatment for men and women that removes unwanted hair from almost any where on the body. Incorporating the latest IPL (intense pulsed light) technology, a flashlamp is guided via a glass prism to the hair. The pigments in the hair (melanin) absorb the light, converting it to heat and destroying the hair follicle making it unable to produce new hair.

MESOSCIENCE £80

Mesosience is the solution for beauty centres based on the “virtual needle” concept. This system, used originally in the medical field and now in the cosmetic sector, streamlines booth treatment procedures, intensifies results, and increases the penetration of the product into the skin by helping substances to pass through the aqueous channels known as “aquaporins”.

CORRECTIVE £80

Is a cosmetic treatment that removes deep lying wrinkles, rejuvenates the facial expression and restores the skin's firm youthful appearance. A real and effective alternative to medical-aesthetical treatments. Corrective combines 9 active ingredients including botox-like peptides, viper venom and hyaluronic acid filler.

The 1 hour treatment time includes consultation & prescription.

GLOBEL LIFT £80

Is a cosmetic treatment that removes deep lying wrinkles, rejuvenates the facial expression and restores the skin's firm youthful appearance.
