FACIALS & BODY TREATMENTS

ADVANCED FACIALS £69

Your therapist will help you decide which facial below to choose from (we want them all):

Procollagen Age Defy Facial, tackles fine lines & wrinkles and helps support the cellular structure of the skin. Includes lymphatic drainage massage, peel off mask to visibly improve firmness and elasticity for beautifully nourished younger looking skin.

Pro-Definition Lift & Contour, targets sagging jowls, cheeks and jaw lines. This facial helps to restore the architecture of the face. This facial is a unique deep toning muscle massage from the scalp to the décolleté. The skin appears plumper and revitalised, creating a profoundly sculpted youthful effect.

Dynamic Resurfacing Precision Peel, targets the sign of aging, dull, tired and uneven skin tone. Using three types of enzymes to nibble away the dead skin cells to reveal extraordinary results.

Superfood ProRadiance, this is a nutritional boost for stressed dull skin. An amino active mask helps restore lost moisture, deeply nourishes, detoxifies and packs the skin with powerful energising to reveal a radiant stress-free skin.

C.A.C.I Non-Surgical Face Lift £50

This is a microcurrent machine that transmits tiny electrical signals through the skin. It works to boost skin texture, tone and shape. This combined with microcurrent toning, regenerates skin tissue and helps to repair collagen.

Lime & Ginger Salt Glow £50

This is a deeply relaxing and invigorating treatment that exfoliates the full body. After light body brushing to encourage circulation, warm oil is drizzled over the body combined with lime and ginger salt scrub.
