The salon has a floor space of over 1,100 sq feet and consists of the main salon area, staff room, meeting room, office space stock room, kitchen and two separate toilets. In the main salon area, the present layout provides 17 styling sections, four backwashes with an open plan dispensary.

At present the salon operates with six stylists and has been managed for over 18 years as a Saks Franchise. All existing equipment is to remain (a full inventory of equipment will be provided). With an existing database of 20,000 clients, the salon has great prospects for a new and motivated salon owner.
